Developed by MaineHealth Center for Tobacco Independence for use with the Sidekicks curriculum (December 2018). MaineHealth does not endorse any of these products/services but is providing them as a resource.

NOTE: A 2016 NAQC report states that, "The seemingly great potential of mobile apps to provide cost-effective treatment to large numbers of tobacco users has thus far not been realized. There is no evidence to date that mobile apps help tobacco users quit." http://c.ymcdn.com/sites/www.naquitline.org/resource/resmgr/issue_papers/Quitline_Services_issue_pape.pdf
